

# ALEXANDER DISEASE CAREGIVER INFORMATION LEAFLET

**Just Worldwide** is an independent healthcare market research recruitment company and we recruit participants for healthcare market research studies. The market research studies we run are non-clinical and non-promotional. These are mostly commissioned by pharmaceutical companies with new treatments and support programmes in development.

We are currently working on a market research study relating to **Alexander Disease**.

**The objective** of the study is to understand your preferences for treatment outcomes should a new therapy be made available for people living with Alexander Disease.

## What will it involve?

An initial telephone call to ensure you are eligible to take part in the study (~5 minutes) followed by a 40-minute online survey.

In return, as a thank you for your time you will receive **\$100**.

All information about you will be handled in confidence and the study findings will be fully anonymised.

For more information about your rights please see our privacy notice, it is available at: <https://www.just-worldwide.com/privacy-policy>.

All information will be handled in confidence. The study findings and any interview recordings will be fully anonymised.

All participants' responses will be combined together into a report for the pharmaceutical company.

Upon request, the name of the sponsoring company can be disclosed at the end of the interview.
